COSMETIC SURGERY SUPPLY LIST TUMMY TUCK (ABDOMINOPLASTY)

THIS IS A MISCELLANEOUS LIST OF POSSIBLE SUPPLIES YOU MAY NEED AT HOME AFTER SURGERY

- Gauze- 4x4 sizes to place over incision lines (unscented thin panty liners may be used in place of gauze)
- Paper Tape- Used to secure dressings if needed
- Antibiotic Ointment- Bacitracin, Neosporin or Triple antibiotic are okay to use
- Q Tips- Used to apply antibiotic ointment to incision lines (new package is recommended)
- Dial Liquid Soap- For daily use in shower to cleanse incisions. No Bath & Body Works or shower gels/soaps with perfumes or scrubs are allowed.
- Distilled Water- Only needed if your water comes from a well or cistern or as directed by your physician
- Ice Packs or Frozen Vegetable Bags- To control swelling
- Comfortable Clothing- Consider clothing based on surgery and function ability for comfort (button-up, loose-fitting, non-binding)
